You can take the practical thermo To Go Cup with you anywhere you go. The lid is easy to open and close when you are on the move thanks to the functional click-open lid, which can easily be operated with one hand. The double-walled thermal effect, ensures that your coffee or tea stays hot or cold when you are on the go.

With the ceramic thermo cup, there will be no more lukewarm coffee on the go or at the office! As well as keeping your coffee hot, the double-walled sides ensure that the cup is not too hot to hold. The thermo cup comes with a lid, which prevents spills on the way from the café or coffee machine. Using the practical closing function on the back of the lid, you decide whether the cup should be open for drinking out of, or closed for retaining any residual drops in the cup when finished.

Welcome nature inside your home with the Stone flowerpot whose stone look and organic lines is a decorative and sculptural feature. If necessary, use leca granules for drainage in the bottom of the pot before planting out to create the best growing conditions for your plants.

To clean, wipe with a well-wrung cloth.

OUTDOOR

Make the long, light summer evenings even longer and warmer with a cosy garden wood burner to gather around.

With its simple, stylish design, the FireBox garden wood burner hardly takes up any space at all.

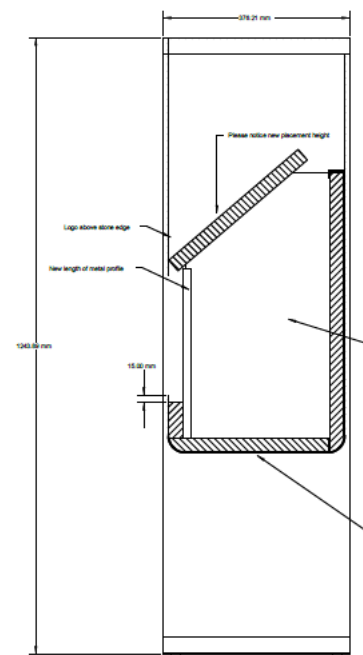

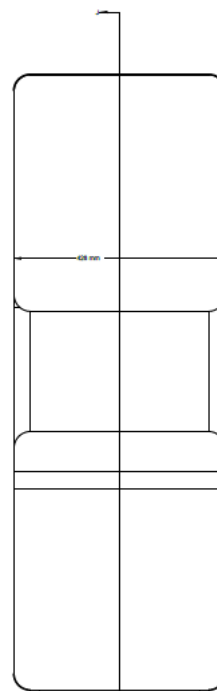

The integrated wood holder means that wood is always to hand, and the built-in chimney channels the smoke out of the back of the wood burner to avoid irritating fumes. The

FireBox garden wood burner is easy to maintain. Wash with water. Can be left outdoors all year. The garden wood burner is supplied fully assembled.

Made of corten steel.
Dimensions: H125 x W43 x D37.5 cm.
